## Acoustic Emission Sensor Type S60A

**Type S60A Aluminium Sensor with SMC connector**

**Sensor to Preamplifier Cable Type 1 (300mm)  
For use with Sensor Type S60A**

### Specification Type S60A

Frequencies 600kHz (Nominal 400kHz to 800kHz)  
300kHz (Nominal 200kHz to 400kHz) available but not standard

Connector Output (and pulse input) SMC

Size Width 19.0 (0.75) (Across Flats)  
Length 21.5 (0.85) (29.0 (1.13) including connector)  
Height 10.1 (0.40)

mm (Inch)

### Special Acoustic Emission Sensors

Many special sensor designs have been engineered for unique applications. If you have a requirement not covered by the standard range of sensors, please contact us at [info@mcwade-monitoring.co.uk](mailto:info@mcwade-monitoring.co.uk)
